Steve Mehrl	_____	Pam Dunning	_____
Karl Tarbox	_____	Tony True	_____
George Green	_____	Robert Fairfield	_____
Judith Colby	_____	Dick Hanson	_____
Sherri Dunbar	_____		

**Approval of the Agenda**

**Approval of the minutes** - the minutes for the meeting conducted on 03/13/08 are posted on email for all to review. There has been approval by 4 members to date.

**Old Business**

I would like to thank all members for their interest and participation in the School Budget process. The effort that was presented to us and more importantly the manner in which it was presented is much appreciated. The research and questions were helpful to all. The answers often times led us to more questions and a greater understanding.

**New Business**

We now have the challenge to continue our review, to represent the interests of the town while benefiting from the information we have received. The balance we strike is very important.

Wednesday - Discussions and concerns from each member, questions of previous information, understanding of the Town informational meeting and the article questions that will be addressed there. The outcome of the

meeting will be our effort to arrive at a budget number and the rationale that led us to our budget number.

Thursday - Discussions with School Superintendent, Jay McIntire, to address questions the committee members have and share points of discussion from Wednesday's meeting. Review dates for future meetings and question if the Selectmen have provided their intentions for "Raise/Lower or As presented/Lower" for the open town meeting.

### **Other business**

For this week there is no other business to consider. The school budget is the largest cost center of the town, our attention to the execution of the process is before us.

.

**Adjourn -**

Agenda prepared by Steve Mehrl,  
Chairman WBC 3/18/2008
