

Wiscasset Waterfront Committee Minutes

Meeting Date: October 17, 2013

Present: Susan Robson, Rick Scanlan, Frank and Linda Sprague, Dan Bradford, Pam Shockley, Kathy Closson, Jack Pringle

Called meeting to order 6:31 pm

Harbormaster (Dan) discussed the success of the season, minimal issues with lobster gear entanglements.

Pump out grant process...need to check the integrity of the holding tank float once hauled on the shore.

Rec pier repairs have begun. The pier platform will be smaller when the work is complete.

An application has been submitted to DOT for a boardwalk design/feasibility. Town provides a match. Money is set aside amount?

Discussed with pier vendors the options for the Main St Pier, and it becoming more of a pier park., with an archway, benches, covered area, etc...key points:

- Angling the sheds toward the road

- Enhancing activity

- Lighting

- Guests love how the pier looks...build on that... family sponsored benches for example

- Signage for the WWF

Discussed location and need for other amenities like decent bathrooms, train stop relocating.

A list is being compiled of local services for boaters and train passengers, as the waterfront is a front door to Wiscasset.

A map of the waterfront and village is in draft form. Where to place it so it is the most useful is in discussion.
