

Wiscasset Waterfront Committee

*approved*

December 29th, 2015 minutes

Present: Susan Robson, chair; Frank Sprague, Margo Strong

Called to order at 1708

We are now the full committee and we need more members. Susan found out you do not have to be a Wiscasset resident to be on the committee. We will try to find more members interested in growing the waterfront.

We are also feeling a drift without a harbor master or town planner to assist us. We are trying to figure out how we can forward our projects and ideas. This has been a recurring theme for us.

We will investigate the pump out station and the grant for it. Susan will speak with our town manager and ask for direction.

Next meeting will be January 26th, 2016 at 1700.

Adjourned at 1800.
