Hauon master not present but we do know
that the pump-out float is to be pulled and
inspected very soon. Then we will know what
type of grant we might need.

The Kayak Regatta would like to use
Whitio Island next year.

Also question if food trucks in parking lot
is the responsibility of the town.

Wiscasset Yacht Club offering free sailing
lessons.

Also it was brought to our attention that
the ice cream business has been sold so
the new owner needs to apply herself and
she may need to ask for a larger space as well.

We question if signs on roofs of buildings
need a variance. Dave will touch base with Stan.

We had discussed a ladder sign to advertise
all vendors. It should be double sided for
view from both directions. Wondering if
this will be part of downtown project with
MDOT. Susan will discuss with Ernie.

We need to check with Kevin regarding a
swim ladder for floats.

Also need to develop rules for houseboats.
Edgecomb just passed some. We would like
to review them as an idea for ours.

Long discussion regarding the danger
and/or problem of the British miresweeper
which is in deplorable condition. All concerned
about what to do with it or about it.

Meeting times will be changed to
1700 from now on. Approved 4/0/0

We were reminded of Town Meeting
on August 24th @ 1800 @ middle school.
